European Users Conference 2017

Presenters List

Mr. Mikael Lundblad Expert Metal Cutting & Knowledge and Product Development, **Sandvik Coromant** (Sweden):

Mr. Lundblad will discuss a summary of work he has completed and how he's collaborated with Third Wave Systems, ongoing work at Sandvik Coromant and applications in product development.

Dr. Claus Itterheim President, **ISBE GmbH** (Germany):

Dr. Itterheim will present how his software, Tool Designer ReCAD, can re-design STL files and convert them into STEP files that can be directly used in AdvantEdge.

Mr. Benedikt Thimm Chief Engineer, **iWFT Rheinische Fachhochschule Köln** (Germany):

Mr. Thimm will present the major constitutive equations used in FEA of metal cutting processes together with a detailed analysis of advantages and disadvantages of each model. Along with the constitutive equations, the presentation will also discuss the major philosophies for determination of parameter sets.

Mr. Tobias Jakobi Research Assistant, **iWFT Rheinische Fachhochschule Köln** (Germany):

Mr. Jakobi will show the application of AdvantEdge to analyse the chip formation and to design appropriate chip breaking geometries on profile tools.

Mr. Rob Alsters Manager R&D Product Development, **SECO Tools** (The Netherlands):

Mr. Alsters' presentation will focus on the development of designs for composite machining. Because the market for composite is growing, there is a huge potential for solid end mills. SECO invests in development of customer solutions and expanding the standard offering with new ideas.

Mr. Gaetano Messimo Pittalà Senior R&D Engineer, **Sandvik Coromant** (Italy):

Mr. Pittalà's presentation will investigate two issues: the preparation of 3D models for FEM simulation and the effect of edge rounding using AdvantEdge to provide support for tool design to understand the results, decrease the time to market and reducing the number of prototypes during the development of the tool.

Mr. Rudolf Renner Country Manager Germany, **IMS Software** (Germany):

Mr. Renner will present an innovative solution for the most complex of G-codes interpretation and optimization and highlight the partnership between IMS Software and Third Wave Systems to achieve these solutions.

European Users Conference 2017

Agenda

6 February 2017

19:00 – 21:00

Welcome Reception at Ibis Styles Hotel in Stuttgart, Bad Cannstatt

We welcome attendees to the conference - join us to make contacts and have interesting conversations. Light appetizers, beer, wine and refreshments will be provided.

7 February 2017

8:00 – 9:00

Registration/Sign-In

9:00 – 10:30

AdvantEdge and Production Module workshop

10:30 – 11:00

Coffee Break

11:00 – 12:30

(continued) AdvantEdge and Production Module workshop

12:30 – 13:30

Lunch

13:35 – 13:45

Welcome from TWS & Keynote introduction

13:45 – 14:15

Keynote Presentation

Mr. Mikael Lundblad, Sandvik Coromant, Sweden

14:15 – 14:45

Presentation

Dr. Claus Itterheim, ISBE GmbH, Germany

14:45 – 15:15

Coffee Break

15:15 – 15:45

Presentation

Mr. Benedikt Thimm, iwFT Rheinische Fachhochschule Köln, Germany

15:45 – 16:15

Presentation

Mr. Tobias Jakobi, iwFT Rheinische Fachhochschule Köln, Germany

16:15

Closing remarks

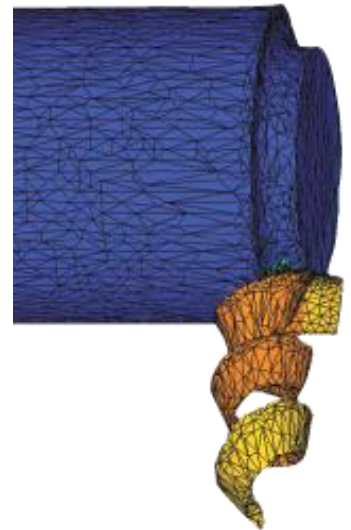

17:30

Board Bus to Networking Reception (meet in hotel lobby)

18:00

Networking Reception at Carls Brauhaus

Join us for a networking dinner where you can get to know other attendees in a relaxing environment. Transportation, dinner and drinks will be provided.

European Users Conference 2017

Agenda

8 February 2017

- 8:00 – 9:00 **Registration/Sign-In**
- 9:00 – 9:30 **Keynote Presentation**
Mr. Rob Alsters, SECO Tools, The Netherlands
- 9:30 – 10:00 **Presentation**
Mr. Gaetano Messimo Pittalà, Sandvik Coromant, Italy
- 10:00 – 10:30 **Presentation**
Mr. Rudolf Renner, IMS Software, Germany
- 10:30 – 11:00 **Coffee Break**
- 11:00 – 12:30 **Product Forums** delivered by TWS
See new features and get the first look at what is coming in the next release.
11:00 – 11:45 AdvantEdge
11:45 – 12:30 Production Module
- 12:30 – 13:30 **Lunch/ End of Conference**

*The conference will be English speaking. The organizers reserve the right to change the agenda.
